## Dramatic Color comes in Variety of Shades

Brentano's fall 2009 Haven Collection spotlights updated, inventive colors

Wheeling, IL (September 2009) — Through new styling and fresh combinations, Brentano's fall 2009 Haven collection recreates trendy and classic colors alike. In everything from bold saturated shades, to subtle metallic shimmer, to elegant monochromatic neutrals, the latest collection shows that dramatic color can come in all sorts of ways. Whether a contract, residential, or hospitality interior, Brentano is the ideal choice for stylish textiles that offer classic patterns and weaves in updated, inventive colors.

### About Brentano

Founded in 1990 by Design Director Iris Wang and her husband and President E-Kwan Chen, Brentano has grown from a modest beginning of eight patterns to an internationally represented textile house. Brentano's fabrics stem from Wang's philosophy of balancing beauty + performance. Our growing collection of eco-fabrics expands this ideology by demanding textiles to meet thoroughly researched standards of environmental consciousness while maintaining their beauty. Brentano offers a variety of innovative and interesting eco-friendly faux leather, as well as high performance upholstery, fire-resistant, outdoor and Crypton and Nano-Tex fabrics.
