## Brentano to Celebrate HD Expo with Primary Colors

Red, yellow, and blue textile display will recolor classic palette for hospitality interiors.

**Wheeling, IL (April 2012)**— Brentano will show a fun, creative side at the Hospitality Design Expo (HD Expo) in Las Vegas this year. Channeling the modern artists who inspired the upcoming fall 2012 collection, Brentano will color their booth with a bold primary palette: splashy reds, yellows, and blues adapted for hospitality interiors.

The vivid textiles selected by Brentano's color experts play with hues that are both enlivening and practical. These "building blocks of color" reflect Brentano's philosophy of balancing beauty + performance, a commitment even more apparent in the range of polyurethane, performance, bleach-cleanable, and outdoor products HD Expo goers can expect. Accompanied by Leland International's luxurious new HiFi lounge seating, Brentano's display of accessible colors and textiles will embody the energy and comfort of a studio within a pristine gallery setting.

Brentano invites everyone at the HD Expo, May 15–17, 2012, to [visit the show](#) to preview their vibrant fall 2012 Gallery collection and to celebrate red, yellow, and blue!

### About Brentano:

Founded in 1990 by Design Director Iris Wang and her husband, President E-Kwan Chen, Brentano has grown from a modest beginning of eight patterns to an internationally represented textile house. Brentano's fabrics stem from Wang's philosophy of balancing beauty + performance. Their growing collection of eco-fabrics expands this ideology by demanding textiles meet thoroughly researched standards of environmental consciousness while maintaining their beauty. Having celebrated their 20th anniversary in 2010, Brentano continues to offer a variety of innovative and interesting textiles, including eco-friendly faux leather, high performance upholstery, fire-resistant, outdoor, Crypton, Nano-Tex and GreenShield fabrics.
