## New High-Performance Textiles Ideal for Any Interior

**Brentano expands performance collection with usable and fresh textiles**

**Wheeling, IL (March 2013)**— True to their motto, all Brentano fabrics strive to strike the perfect balance of beauty + performance, and with their spring 2013 **Symphonic** collection, Brentano introduces high-performance textiles that are suitable for contract, healthcare, and institutional environments that also offer dynamic patterns, fresh colors, and a residential hand.

Woven from 100% high energy-dyed polyester, **Polka** is a small-scale, geometric pattern that is well-priced, bleach cleanable, and has both a Nano-Tex and DuraBlock finish. This 54" upholstery comes in 8 energetic colors and will add liveliness to contract areas or high-traffic residential applications. Passes 50,000 double rubs (Wyzenbeek).

Like the conductor in an orchestra, **Maestro** gets the job done no matter how high the stakes. This 100% polyester chenille comes in 9 practical colors and has a Teflon finish while maintaining a soft hand. Light bounces off the matte texture to create a 3D, suede-like effect, but for an exceptional price. Maestro measures 56" and has an outstanding wearability of over 75,000 double rubs (Wyzenbeek). Teflon finish increases stain resistance.

### About Brentano:

Founded in 1990 by Design Director Iris Wang and her husband, President E-Kwan Chen, Brentano has grown from a modest beginning of eight patterns to an internationally represented textile house. Brentano's fabrics stem from Wang's philosophy of balancing beauty + performance. Their growing collection of eco-fabrics expands this ideology by demanding textiles meet thoroughly researched standards of environmental consciousness while maintaining their beauty. Having celebrated their 20th anniversary in 2010, Brentano continues to offer a variety of innovative and interesting textiles, including eco-friendly faux leather, high performance upholstery, fire-resistant, outdoor, Crypton, Nano-Tex and GreenShield fabrics. *Top to Bottom: Maestro-Virtuoso 8580-07, Maestro-Brass 8580-03, Polka-Beer Barrel 6576-03*

Brentano's spring 2013 collection brings out high-performance textiles that are usable and fresh, including the well-priced, suede alternative **Maestro** and lively upholstery **Polka**. Both are designed for contract, healthcare, and institutional interiors or for use in high-traffic residential environments.
