Brentano Offers Textiles in Range of Current and Classic Colors

New collection showcases Brentano as color leader

Wheeling, IL (April 2013)—Brentano's **Symphonic** collection features emerging colors as well as those that are tried and true. Fashionable combinations of grey and green or periwinkle and mauve can be used to update any interior. The spring 2013 collection also relies on residential staples like chocolate brown and robin's egg blue but suggests pairing them with a vibrant tangerine to add a current pop of color.

Bold, large-scale, polka dot **Bravo** comes in 12 colorways spanning everything from classic neutrals to surprising and current saturated combinations. With its fantastic hand, this 100% polyester upholstery will make an impact in hospitality or residential interiors.

The unique, abstract **Coloratura** is evocative of a watercolor painting and uses a tapestry construction to feature four yarn colors that create distinctive areas. **Coloratura** is available in 7 gorgeous colors, including tone-on-tone Electra and the saturated orange and reds of Giovanna.

With its metallic shooting star pattern, embroidered **Finale** combines a classic polyester taffeta base with a decorative pattern and an array of 11 dynamic colorways.

Suede-like, polyester chenille **Maestro** offers a great hand for a fantastic price and comes in an array of 9 colors, ranging from the classic ivory of Keyboards and gold of Brass, to the vibrant red of Percussion and tangerine of Virtuoso.

About Brentano:

Founded in 1990 by Design Director Iris Wang and her husband, President E-Kwan Chen, Brentano has grown from a modest beginning of eight patterns to an internationally represented textile house. Brentano's fabrics stem from Wang's philosophy of balancing beauty + performance. Their growing collection of eco-fabrics expands this ideology by demanding textiles meet thoroughly researched standards of environmental consciousness while maintaining their beauty. Having celebrated their 20th anniversary in 2010, Brentano continues to offer a variety of innovative and interesting textiles, including eco-friendly faux leather, high performance upholstery, fire-resistant, outdoor, Crypton, Nano-Tex and GreenShield fabrics.
