

## Green Story

### Environmental impact and sustainability specifications of Brentano Green fabrics

---

**PRODUCT:** **Off the Hook - 2506**

**CONTENTS:** 100% Post-Consumer Recycled Polyester

**USAGE:** Eco-fabric, Upholstery, Panel, Drapery, Recycled content, LEED points possible

1. Brentano's recycled polyester fiber is made from post-consumer polyesters. One source of post-consumer polyester is plastic bottles that otherwise may have ended up in landfills.
2. Using recycled polyester fibers preserves virgin oil needed to manufacture new polyester fibers.
3. **Off the Hook** can continue to be recycled, preventing it from ever reaching a landfill.

Visit [www.brentanofabrics.com/green](http://www.brentanofabrics.com/green) for more Brentano Green fabrics with recycled content.
