

Environmentally Friendly Textiles by BRENTANO, Inc.

Green Story

Environmental impact and sustainability specifications of Brentano Green fabrics

PRODUCT: **Byzantina 8710**
CONTENTS: 47% Polyester, 45% Post-Consumer Recycled Polyester, 8% Linen
USAGE: Eco-fabric, Upholstery

1. Byzantina is made from 45% post-consumer recycled polyester content. Post-consumer waste is recovered from a material or finished product from the consumer supply chain that has served its intended use and has been discarded for disposal. Using recycled fibers preserves the resources needed to manufacture new fibers and reduces waste destined for landfills.
2. Byzantina is made with no known toxins or hazardous components.
3. The mill that manufactures Byzantina has GRS certification. GRS certification guarantees the recycled material used in producing Byzantina was manufactured using responsible environmental & chemical practices.
