

Romance - Winter 2025 Terra Collection

In a world awakening to the urgency of sustainability, Brentano proudly introduces Terra, our first fully biodegradable textile collection. A celebration of nature, innovation, and intentional design, *Terra* redefines what it means to create with care.

More than fabric, Terra is a tactile narrative. From the gentle elegance of Avani and Dhara to the grounded richness of Kai and Zola, each design invites touch and tells a story; one where beauty is not only seen but deeply felt. With seven patterns layered in textures and hues, the collection brings together soothing neutrals and rich, livable colors to shape immersive, welcoming spaces.

Crafted with PrimaLoft® Bio™ polyester and CiCLO® technology, these polyester fibers are engineered to return gracefully to the earth, breaking down into natural elements such as water, CO₂, and organic matter under specific conditions like oceans or managed landfills. This is innovation with intention: high-performance fabrics that embody responsibility as much as resilience. With accredited lab reports supporting every pattern, Terra offers peace of mind for contract, hospitality, and residential interiors seeking truly sustainable design solutions with the future in mind.

With nuanced colorways, a luxurious hand, and a conscious soul, Terra reflects Brentano's unwavering belief that design must do more. This collection is not only about aesthetics, but also about impact. It's about crafting a more beautiful world, one yard at a time. Carefully curated and long in the making, Terra is designed to elevate interiors while ensuring a lasting future for all.

Upholstery

Ajax 8390

Contents: 81% PrimaLoft® Bio™ Polyester, 19% Cotton

Derived from the Greek word for "earth," Ajax is a refined, small-scale texture that subtly blends brilliance with luminosity, creating delicate pops of color across the fabric. Inspired by pointillism, its intricate pixelation forms a soft, textured landscape that adds depth to any space. Made from 81% PrimaLoft® Bio™ Polyester and 19% Cotton, Ajax features a plied yarn construction for a comfortable, inviting hand. Available in 9 sophisticated shades, including Gold Panning and Babbling Brook, it introduces warmth and elegance to interiors. With an abrasion resistance of 100,000 Double Rubs (Wyzenbeek, Cotton Duck), Ajax balances beauty with durability, making it perfect for both functional and visually rich spaces.

Avani 7550

Contents: 100% PrimaLoft® Bio™ Polyester

Avani is the plush, jewel-toned gem of the Terra collection, embodying the essence of "earth" through rich textures and vibrant hues. Crafted from 100% PrimaLoft® Bio™ Polyester, it offers both luxury and sustainability. With 9 striking colorways, such as the deep elegance of Zircon and the bold sophistication of Merlot, Avani's variety of tones command attention. Its impressive abrasion resistance of 100,000 Double Rubs (Wyzenbeek, Cotton Duck) and optional Non-PFAS Stain Treatment ensures durability and practicality. Avani's soft hand and luxurious construction make it a lasting choice for creating impactful, timeless interiors.

Carmi 8392

Contents: 84% PrimaLoft® Bio™ Polyester, 16% Cotton

Carmi blends eco-conscious luxury with exceptional softness, offering a biodegradable alternative to Brentano's Raku. Offered in 8 colorways, this relaxed geometric pattern brings tonal neutrals like Takin and Blue Calcite to life, adding depth and subtle texture. Inspired by the Hebrew names Carmel and Carmen, Carmi evokes the tranquility of nature, reflecting vines growing on a garden trellis. The fabric's organic brushstroke-like details and small-scale make it versatile for both contemporary and classic interiors. Crafted from 84% PrimaLoft® Bio™ Polyester and 16% Cotton, Carmi offers a robust abrasion resistance of 100,000 Double Rubs (Wyzenbeek, Cotton Duck). Ideal for both cozy lounges and statement spaces, Carmi brings texture and sophistication to sustainable designs.

Upholstery (cont.)

Dhara 7551

Contents: 100% PrimaLoft® Bio™ Polyester

Dhara is a versatile, reversible twill that reflects its name, meaning "constant flow" in Sanskrit. It features two distinct sides. One side has a soft, flannel-like surface, while the other side offers a sleeker option with a subtle sheen. Use both sides to add depth and dimension to any piece. Available in 11 luxurious tones, from bold jewel colorways like Orangutan to refined shades like Rosewater, Dhara's dual personalities cater to diverse design preferences. With an abrasion resistance of 100,000 Double Rubs (Wyzenbeek, Cotton Duck) and an optional Non-PFAS Stain Treatment, this fabric is as durable as it is visually striking. Crafted from 100% PrimaLoft® Bio™ Polyester, Dhara offers eco-conscious luxury that enhances any design space.

Kai 8356

Contents: 85% CiCLO® Polyester, 15% Cotton

Inspired by the Hawaiian word for "sea," Kai brings the richness and depth of the ocean into interiors. Its broken twill design creates a dynamic surface that offers visual intrigue and timeless elegance. Made from 85% CiCLO® Polyester and 15% Cotton, Kai is both eco-friendly and durable, with 100,000 Double Rubs (Wyzenbeek, Cotton Duck) and a Zelan™ R3 Stain Treatment, a bio-based finish that compliments the fabric's green story. Available in 10 jewel-toned hues, such as Elderberry Jam and Celebes Sea, Kai's two-toned weft enhances its depth, making it ideal for upholstery in contract and hospitality settings. It's a fabric that fuses sustainability with performance.

Winslet 7552

Contents: 100% PrimaLoft® Bio™ Polyester

Winslet is a luxurious fabric that beautifully mimics the elegance of silk. Featuring a delicate stria stripe, Winslet offers subtle color variations that create a refined richness, reminiscent of its wallcovering counterpart, Kanso. Crafted from 100% PrimaLoft® Bio™ Polyester, this eco-conscious fabric combines sustainability with durability, boasting 100,000 Double Rubs (Wyzenbeek, Cotton Duck) and an optional Non-PFAS Stain Treatment. Inherently passing NFPA 701, Winslet is an excellent choice for commercial drapery applications. Available in 8 digitally printed colorways, including Apple Cider and Bali Surf, Winslet is perfect for both bold statement pieces and understated drapery, ensuring long-lasting beauty in high-traffic spaces.

Zola 8355

Contents: 42% CiCLO® Polyester, 39% Cotton, 19% Viscose

Zola merges cotton and viscose chenille into a captivating blend of softness and texture, creating a fabric that's visually striking and inviting to the touch. Its name, derived from the Latin word for "earth," reflects its grounded and sustainable nature. Zola's blend of 42% CiCLO® Polyester, 39% Cotton, and 19% Viscose creates a sophisticated balance of matte elegance and soft sheen, enhancing any interior with its tactile charm, in 14 different colorways. With a robust abrasion resistance of 100,000 Double Rubs (Wyzenbeek, Cotton Duck) and Zelan™ R3 Stain Treatment, a bio-based finish that compliments the fabric's green story, Zola is designed to withstand the demands of high-traffic environments. Perfect for both contract and hospitality settings, it combines durability with aesthetic appeal, ensuring a lasting, luxurious look for years to come.
