

Brentano Textile with 3rd Party Certificates

MBDC Cradle to Cradle Certification:

[VIEW MBDC CERTIFIED FABRIC »](#)

MBDC Cradle to Cradle (C2C) labeling indicates that a product meets standards set by third-party certifier McDonough Braungart Design Chemistry (MBDC). MBDC certification provides companies and consumers with means to credibly measure and evaluate environmentally intelligent design and eco-friendly products. MBDC certification is determined by many factors, including use of environmentally safe and healthy materials, design for reuse including recycling, use of efficient and renewable energy, water quality and efficiency, and strategies for social responsibility.

Oeko-Tex Standard 100 Certification:

[VIEW OEKO-TEX CERTIFIED FABRIC »](#)

One of the most well-known and successful environmental tests, **Oeko-Tex Standard 100** evaluates and screens for any harmful substances present in processed textiles. Founded in 1992, it is an international testing and certification system for textiles with branches in more than 40 countries worldwide. Oeko-Tex uses the latest scientific findings to continually update criteria.
